COURSES

CORE JAVA

GTB Computer Education an **ISO 9001**
Certified organization & Government
registered from 21-July-2022 to 30-
November-2022. **Reference No.**
2023022801

ADVANCE JAVA

GTB Computer Education an **ISO 9001**
Certified organization & Government
registered from 21-July-2022 to 30-
November-2022. **Reference No.**
2023022801

CURRICULAR ACTIVITIES

GOOGLE DEVELOPER CLUB

I served as the tech lead in GDSC DAVIET and organized various events on cyber security, block chain, cloud security and much more.

EXPERIENCE

OM Enterprise | Full Stack Developer

January 2024– Present | On-Site

- Working with React JS, Express JS, Node.js, and many more JavaScript libraries during the development phase.
- Improved website performance and speed through optimization techniques like lazy loading.

PROJECTS

JASPO WORLDWIDE | LIVE-SITE

| HTML, CSS, JS, BOOTSTRAP, DJANGO, MySQL and AWS

- Designed and developed a user-friendly and responsive front-end for an online sports equipment store using HTML, CSS, and JavaScript.
- Implemented a seamless user experience through various category pages, facilitating easy product browsing and navigation.
- Created a customized design feature allowing users to personalize their skateboards, fostering a unique and engaging shopping experience.
- Integrated a Talkatoo chatbot to provide real-time customer support and enhance brand accessibility.
- Crafted a robust login and signup system for secure user accounts and personalized shopping experiences.

SKK ERP SYSTEM | GITHUB-REPO

| React, Tailwind, Material UI, Syncfusion, Botpress and Context API

- Created and deployed a comprehensive ERP system to streamline core business operations.
- Built a user-friendly interface with light and dark mode options for enhanced user experience and accessibility.
- Incorporated various custom themes to provide users with personalization options.
- Built functionalities including login, product management, customer management, order tracking, and product inventory.
- Introduced a lead generation module to capture potential customer interest.
- Engineered a customizable chatbot feature for efficient customer interaction and information retrieval.

AI-POWERED FORM BUILDER PROJECT | LIVE-SITE

| Nextjs, Shadcn UI, Tailwind, Drizzel ORM, PostgraceSQL, clerk, stripe

- Smart Form Creation: Builds forms in seconds based on prompts, saving development time.
- Seamless User Flow: Landing page, login, customizable builder, and live preview for perfect forms.
- Centralized Responses: Stores all submissions for easy access and Excel export.
- Secure Payments: Integrates Stripe for secure payment options within forms.

VS Code Extension | PrettierTheme | DOWNLOAD-LINK

| Open Source, VS-Code, Debugging | 350+ Downloads

- **Improved Readability:** Carefully chosen colors and fonts make your code easier on the eyes, enhancing visual comfort.
- **Boosted Productivity:** The intuitive design minimizes distractions, helping you stay focused and efficient.
